GENERAL APPLICATION

Frederick County Public Schools maintains a list of pre-approved companies to receive notification of bids for products and services. Firms interested in furnishing bid proposals to Frederick County Public Schools must complete the attached application and a Federal W9 form (www.irs.gov/pub/irs-pdf/fw9.pdf). Check only those categories in which you intend to offer competitive proposals when requested.

Fundraising companies do not receive bid notices; however they are required to complete and return the attached application along with a Federal W9 form, and a copy of their promotional literature, company overview and price list. Fundraising companies must receive approval prior to working with any Frederick County public school or office.

You may receive a notification via U. S. mail, email or fax, alerting you to an upcoming bid. The notice will advise of the availability of the bid package and how it may be obtained.

It is the responsibility of the bidder to keep the Purchasing Department of Frederick County Public Schools informed of their intent to remain as an approved bidder along with any and all information regarding changes in firm's name, legal entities, address, phone/fax numbers, email addresses, contact profiles, as well as any qualifications that would affect the firm's ability to perform as originally approved.

Your completed application can be mailed to the address above or emailed to Robin Underwood at robin.underwood@fcps.org. **Faxed copies will not be accepted.**

An approval/denial letter will be issued following review of the application. **Your application will not be considered if it is not completed in full and/or the required documents are not accompanied with the application.** If a firm has not received approval, the firm shall be ineligible to receive notification of bidding documents.

Pre-approval entitles your firm to obtain plans and specifications for products and services. It does not preclude the need to meet specific bid requirements in order to receive a bid award. Before award, firms may be required to verify that a bid response, if offered, is in accordance with the bid specification and/or information submitted with the application.

The approval term is valid for three years. At the end of the three year term, a renewal notice may be issued for the purpose of re-registration.

Frederick County Public Schools retains the right to modify our pre-approval requirements, which may include rescinding or changing a bidder's approval status at anytime. Please note, references provided will be contacted. Information provided in this application will be kept confidential to the extent permitted by law.

Frederick County Public Schools does not discriminate in admissions, access treatment, or employment in its programs and activities on the basis of race, color, gender, age, national origin, religion, or disability. For more information in this regard, contact the Executive Director of Legal Services at (301-696-6851).

For additional information regarding doing business with Frederick County Public Schools, visit our website at www.fcps.org/purchasing or contact Robin Underwood via email or by phone at 301-644-5211.
